Programme

DAY 1 | October 12

Kick off transnational Project Meeting

Forundringens Have, Ringkøbing, Denmark

11.00 – 12.00

Gr 1. Project coordinators' meeting

1. Aim of partner visit:

Look at local cases in Ringkøbing-Skjern Municipality within this frame of Cultural Impact on rural areas, with a focus on our collective themes: Community Art Work, Sustainability and Children & Youth

2. Recap of our objectives in the project

Build capacity of cultural institutions through knowledge sharing, networking and best practice examples at a European level, between cultural institutions, organisations of civil and local government representatives who work in the field of culture in rural areas and the outskirts of cities.

The participants will develop an outline strategy that will function as a new learning model and a catalyst for sustainable development of culture in rural areas – make recommendations.

The above rephrased:

Building a strategy on the selected themes and strands. To be worked on during the hosting visits. "Implementation of European perspectives and collaboration in local cultural development"

3. Revisit our Project working model (in the text box)

4. Documentation requirements

Gr 2. Communication coordinators' meeting

Project Working Model

Project-working model - it is a suggestion of how to guide the work in the project to meet the goals stated in the application

Individual cases. Each partner comes with a case relative to their organization and share it with the group ex. The legacy case for Holland – To be presented in the hosting model

Collective investigation - questions to be investigated with all partners. Workshopped in our coming meeting on the 25th of feb. *Break-out rooms, Mentimeter and later Miro*

Act - activities for the hosting model and the learning and teaching tools, which reflect and answer the investigative areas we decide upon. To be explored in a dedicated zoom meeting at a later stage.

Strategy - building a strategy on the selected themes and strands. To be worked on during the hosting visits.
